The Town Council

All the members of council were present on Thursday last and some interesting items of business were transacted. Engineer Bryson had his salary raised to \$100 starting April 1st. Council at first didn't think the town could afford it but Mr. Bryson has to work very long hours is a good man and should be quit there might be trouble in replacing him. He works about 16 hours a day.

But Murphy has resigned as water deliverer and the council would like applicants to tender for the job stating how much coin they would require. This resignation also necessitated a change of boarding house for the town team and they were moved from Mr. Murphy's stable to the Economy Feed Barn a tender put in by Mr. Burnham several months ago being accepted for one month.

Mrs. Harris through the Mayor applied for the use of the town hospital. Councilor Bowen explained that a proposal is under consideration to exchange the building for other property and Mrs. Harris was referred to the secretary of the special hospital committee.

Policeman Edwards asked council to revise the by-laws so as to enable prosecutions for cruelty to animals to be entered under civil law. Councilor Miller contended that that already obtains but Solicitor Haslam will be asked to give a decision.

Capt. Lyndon wrote about the request previously made for a site for armories and council again affirmed its willingness to buy an acre from the Agricultural Society.

The Council decided to conform to public opinion as to the size of the police force and both men were re-elected.

The patient who recently occupied the post house will be asked to foot the expense bill. The clerk was instructed to send him an account.

Mr. Haslam appeared for D. P. Williams asking council to use its influence with the Attorney General's department to have proceedings started by the provincial health department stayed.

Mr. Williams had been summoned in reference to the charge that his slaughter house was not sanitary. He had three men at work overhauling it and putting everything in proper shape and it was thought legal proceedings under the circumstances might well be stopped. Council agreed and asked the Mayor to communicate with the Attorney General's department. Mr. Williams came was called before Magistrate Canine and adjourned 8 days.

Mr. Pearson's Pank Cheques

A slick looking gentleman named John Pearson said to hail from Aus. Magistrate Canine on a charge of obtaining money under false pretences. He is alleged to be a sharper and worked off two cheques in Claresholm one of which found a victim in Mr. O.J. Wood of the Union bank. The amount was \$29 and he immediately swore on a warrant for Pearson's arrest. The other victim was H.L. Wannamaker who was given a \$150 cheque and a lien note which he accepted in a sale of his stock of cement blocks to Pearson. Mr. Wannamaker of course has his blocks but he had to pay for unloading them off a car, also the cartage and was also stuck for demurrage by the C.P.R. Pearson previously operated at Langdon and had a small account in the Union bank there. That is a woman named Mrs. Maud Jackson deposited \$75 for him against which Pearson issued cheques for about \$800. In Claresholm he was apparently doing business on such a scale it was not so surprising that the banker let him have \$20 before sending the cheque to Langdon for collection. After hearing the evidence of the local men and the bank manager at Langdon the Magistrate sent him to Montreal to await trial. Pearson is a fine looking fellow and one who has the necessary "front" to carry on such a game until the banks get wise.

Baseball Meeting

The annual meeting to organize the Claresholm baseball club will be held on Friday night this week in the council chamber. It is hoped there will be a large attendance of citizens as it is decidedly in the interests of Claresholm to have a croquet team this year. Graman held his meeting on Monday night and it is said every business man in town was present. The utmost enthusiasm prevailed and according to reports positions galore were opened in order to allow of the importation of men who know how to play ball. Both the hotels are going to board two players for the season and if interest counts for anything Graman should line up a splendid team. Claresholm can do likewise if the business men have accord the same measure of support. Let every one turn out and give the season a boost from the start. Friday night in the council chamber.

The Farmers Hear Experts

The meeting of the United Farmers of Alberta in the I.O.O.F. hall Saturday was greeted with a most gratifying attendance and the interest shown augurs well for the future of the Claresholm branch. President Frost in his introductory remarks said it was the ambition of the local branch to have the largest local branch in Alberta. The speakers who favored the town with a visit were men well known to the farmers of the province and he was sure they would be heard with interest and profit. He welcomed Mr. Treghill of Calgary and Mr. Froom of Inisfail in the name of the Claresholm district farmers. Mr. Treghill was the first speaker and he started off by congratulating the local farmers on having so strong and capable a man as Mr. Frost at their head. He spoke strongly on the good according to the farmers from organization and pointed out where a lack of cohesion had been detrimental in the past. The conspicuous success of co-operation in Denmark was referred to and the speaker proceeded to dwell on the question of public owned elevators. He urged every farmer to lend his business experience to the organization and he had no doubt of the benefits which would accrue.

Mr. Froom who is provincial secretary of the U.F.A. of Alberta was well received and delivered an interesting speech. He gave a history of the movement from its inception in Alberta to the present and showed what had been accomplished by organization. He explained fully the proposed government pork packing industry and said that while the first factory would likely be located somewhere North of Calgary the farmers in the South would get the same freight rate as the farmer living a few miles away. It is proposed to pool the rates as only by some such agreement could discrimination be avoided. He justified the demand of the government for a guarantee of 50,000 hogs annually and urged the farmers here to co-operate. With a vote of thanks and the expression of hope by Mr. Frost that all who were not members would speedily become so the meeting dispersed the visitors taking the afternoon train for the North.

Was Given Two Years

Charles Day, a Claresholm man, was sentenced on Monday at Montreal by Judge Carpenter to two years in the provincial penitentiary on a charge of suborning to perjury. The case arose out of the wheat stealing case in the feedlot some time ago and Day had already served two months on a charge of exciting to perjury. Subsequently a boy named Miller who had been implicated in the case had made a confession in which Day was alleged to have conspired the story which Miller swore to at the time of the trial. On the new charge Day pleaded guilty and was sent on for two years. Miller has yet to be tried but as he was a tool man who hope the court will take a lenient view of the case.

Clareholm Review.

ESTABLISHED 1904.

Printed and published weekly at Clareholm, Alta.

10.00 per year. Single copies 5c.

T. W. QUATLEN, Editor.

The Dominion parliament is still talking navy. The country is sick of it. More expense has been incurred in maintaining parliament during this useless deluge of words than would be paid for the upkeep of a decent fighting vessel.

Mr. R. L. Borden has not yet explained whether \$25,000,000 is the limit of his support to the Mother country or whether he would call on Canada to send similar contributions every time a fair like Lord Northcliffe worked up a war scare for political purposes. It is a reasonable question and should be answered.

There's considerable talk in this province about a "muzzled press." Wherein does it prove true. The newspapers which come to the Review have not all expressed an opinion on the A. & G. W. agreement but the bulk of them have. In Southern Alberta the High River Times, Nanton News, Starry Standard, Clareholm Review, Macleod Advertiser and Fishier Creek Echo have all expressed the agreement. What is meant by a muzzled press anyway. If one of those empty-headed rhapsodes as devoid of truth as a narrow gauged politician is capable of making this statement. The Clareholm Review under the present management gave the Ruth-erford government and the Liberal party whole hearted support in the general elections but that didn't put a muzzle on it. This paper is not owned by the Rutherford government, or the Liberal party. The moment the present writer has the right to conclude to defend doubtful politics that moment he will seek another fellow journalist and he believes nearly all fellow journalists in the province occupy the same position.

Malcolm McKenzie was elected to represent Clareholm riding and the Review has yet to see him referred to in the daily press in this province as the member for Clareholm. It is invariably "Mr. McKenzie of Macleod." The only exception was in the report of the division on the railway resolution when the Alberta stated it correctly. This riding is not, apparently, on the map. Of course Mr. McKenzie is not to blame. It is the state deck hands handling the political scene at Edmonton.

The bulk of the election in this riding sympathize with the attitude of Mr. Cushing. The member for this riding opposed Mr. Cushing. He had a right right to do so. There are no strings attached but he has said goodby to the representation of Clareholm in the Alberta Legislature.

Meetings like that held on Saturday last cannot have other than a beneficial effect and contribute greatly to the uplift of the community. President Poir and other members of the U. P. A. are doing yeoman service and deserve the hearty support of every intelligent farmer.

Clareholm is likely to experience a building boom this year and next. If the people of this great town pull together and work for its development it should speedily attain its destined status as the best and wealthiest town in the South.

Owing to the writer being out of town part of last week we omitted reference to the special number of the Morning Alberta. It was an 80 page issue chock full of good stuff and Clareholm was given abundant space. The attractiveness of this town and district were set out in paragraph and illustrated form and conveyed a wealth of information to the world. The matter was prepared under the direction of the board of trade. The Alberta is deserving of the heartiest congratulations on the comprehensiveness of the issue and the general make-up. It meant work but it was labor well done.

Oh Where is Mr. Roe

Last week a neat looking stranger named Roe arrived in town and said he represented the Collins Wireless Telephone Co. of Spokane. He was

here to sell stock and had two instruments placed in the Queen's hotel to give a practical demonstration. He was not here a day before the Mounted Police received a complaint from Lethbridge. Money had been collected and the stock not delivered. Inspector Camie went to Roe and demanded his authority under the Foreign Countries Ordinance for selling stock in Alberta. Mr. Roe had none and apparently seemed trouble for got out on the next train leaving the instruments behind him. They have at present a resting place in the barracks. On Monday Mr. J. O'Connor of Portland reached town on the trail of Roe. He represented the head office and was sent out to trace Roe's operations as demands had been made for the delivery of stock. Needless to say Mr. Roe omitted to send in the money and the complaints were the first intimations of trouble. Mr. O'Connor paid small obligations created by Roe here and started on the trail. Roe had one more in Lethbridge for \$50 but it is understood the company will deliver the stock.

The School Concert

It is no mere hackneyed phrase to say that a more delighted crowd never applauded a program in Clareholm than that which greeted the concert presented by the school children on Friday night last under the direction of the principal Mr. H. W. Brownlee and his capable staff. The school children did themselves proud and their redempting credit on their trainers made everyone feel proud that Clareholm possesses such a bright bunch of youngsters. Fully two hundred children were there and most of them a part in the concert. Their behavior was really superior and one could not help but feel that the influence of the school is in the right direction. It must have taken a lot of time and patience to train the children so well. All did well and the precision with which the drills were done was most creditable. A squad of the larger boys in the uniform of the Alberta Rangers with brand new Ross rifles were put through company movements by Principal Brownlee and acquitted themselves well. The drill concluded with a tableau in which the boys sang "Tenting on the Old Camp Grounds." A wand drill was put on by the older girls was also well done and the various movements were executed without the slightest slip being made. A hoop drill, rainbow chorus, soldier chorus and a motion song "The Merry Workers" were also splendidly done. All the little scholars who related did well some of course did better than others in a large number of the credits was due to the aim of the school is to develop the physical, the mental and the esthetic. Over one hundred dollars were realized which will be devoted to a piano fund, buying pictures or some other purpose outside the scope of the trustee board. The program was as follows:

Chorus by school, "Oh Canada," dialogue, "Days of Week," recitation by Irene Wamamaker, "A Good Reason," piano solo by Morley Tillison, "The Merry-go-round," lullaby song, little girls; military drill, boys; tableau and song, "Tenting on the Old Camp Grounds," soldier chorus girls; recitation, Amy Smith; recitation, Minnie Holmes; recitation, little girls; recitation, Alan Simpson; singing song, school; recitation, Alan Poir; recitation, Blanche Milnes; hoop drill; piano solo, Burpee Sherris; recitation, Ethel Strangway; recitation, E.G. Agricultural Society Notes

It is very gratifying that the Department of Agriculture have granted the dates desired by Claresholm for the annual fair namely the 15th and 16th of August and the dates being now definitely fixed the directors will now go forward to fix the arrangements in good time.

A meeting of the Agricultural Society will be held on March 26th in the council chamber to do several items of business. Chief among these is the election of a successor to Mr. Hotchkiss as president. There is no doubt that a serious loss has been sustained by the society by the removal of Mr. Hotchkiss to Edmonton because he had entered on his duties with considerable enthusiasm determined to make the society a success. However it is hoped that a worthy successor will be forthcoming.

F.W. Elliott, E.W. Frost and J.R. Watt have been engaged in drawing up a set of by laws and rules and regulations for the society which will be submitted at the meeting on the 26th

inst. One matter which the directors of the society wish to impress on exhibitors and others interested is not to be frightened to make suggestions. The directors are prepared to stand all the suggestions they can get, different from the tailor who when criticizing the methods of another tailor said "He's always making suggestions, suggestions, if you start making suggestions to a woman about how her dress ought to be made you'll never be done making suggestions." The society wish to make their fair the best possible and while it is possible that there will always be some dissatisfied exhibitors, the directors recognize the fact that they are not infallible and that there are many in the district who can give good advice and particularly in regard to the different kinds of stock and so on. Secretary Watt has a suggestions book at the office of the society and will be very glad to note therein any remarks on the part of intending exhibitors.

After the appointment of sub-committees on March 26th the program will soon be published. One matter which some of the directors are strong on is the matter of directors accepting office and then becoming invisible at meetings till the day of the show when they turn out beribboned with a director's badge. There has been too much of things being cast on to the shoulders of a few men in these matters and it ought to be stopped.

A Strong Speaker

Mr. S. Bacon Hillsides of Calgary will address the annual meeting of the Moral Reform Association in the Presbyterian church on Friday, March 18th. Mr. Hillsides is a speaker of considerable repute and will be well worth hearing.

R. I. Walsh announces his big annual sale and for a few days the public will be able to buy at money saving prices. As last year, Mr. Walsh is going in for extensive publicity and the district will be well served with posters. The sale will likely attract wide attention.

Your money back if Purity Flour does not prove entirely satisfactory in the baking.

DON'T simply buy flour from the dollar and cent side of it. Buy high-quality flour. That means **PURITY FLOUR**. The first little extra cost is more than made up by the extra number of loaves of bread it makes by the superiority of the bread and pastry in sweetness of flavor and nourishing qualities. Buying Purity Flour is a safe investment. You get large returns, not only on account of Purity's ability to produce more, but because Purity contains the greater nutriment and the vim of a strong hard wheat flour. Food made from Purity Flour gives the consumer health, snap and force, which cannot be gained from the use of the weaker soft wheat flour.

To The Public Generally

Having bought the Economy Feed Stables and Drying business from Mr. W. C. Burnham I am arranging to enlarge the facilities and carry on the business on an extensive scale. I will conduct a feed and sales stable second to none in Southern Alberta and farmers in giving me their patronage will have the assurance that I know how to care for horses and use them right.

The livery department will be equipped with the best of vehicles and the speediest of road horses. Travellers and others can count on a most satisfactory service.

I will continue the drying business so well built up and hope by prompt attention to hold all the present patrons of the service and gain many new ones.

We are arranging to install a stock yard and weighing scales and will soon make an announcement of interest to the town.
